MDP - Narratives

How would you describe the congregation's/organization's specific vision for ministry? How will this vision impact the community? Is the congregation part of a ministry vision or program?

The church family wants to grow. Our congregation wants to be active in the community and continue our outreach programs.

What is the nature and context of the community in which your congregation lives out its mission/vision? How will you address the emerging needs that are impacting your community?

We are a rural community, small town, with a diverse population. We plan to continue our community outreach and want a pastor that can help us grow.

How will this call help complement the responsibilities of other staff/volunteer positions, and the life of the congregation/organization, so that you may accomplish your short and long-term goals for ministry?

We need a consistent leader of the church

Provide a description of the skills, gifts and training the person you hope will become a part of your ministry must have, to lead the congregation towards the vision and mission established.

A called and confirmed pastor with the skills to build relationships within our community, help lead our congregation to better benefit our community, and give our church the tools to help us grow.

What areas of ministry do you expect the person called to be responsible for? Share specific tasks, assignments, and programs.

Lead Sunday Service, provide outreach to members unable to come to service, work with the session to help guide the church's growth in faith, reach out to other pastors in the community, lead the youth, help organize bible study and VBS
